## THE BAND

Delta Moon is a roots rock quartet from Atlanta, Georgia, that features the unique double slide guitars of Tom Gray on lap steel and Mark Johnson on bottleneck slide. Although the group's sound is based solidly in American roots music, they always manage to add their own twist. Vocalist Tom Gray writes the band's original material. Tom's songs have been recorded by Cyndi Lauper (including the hit "Money Changes Everything"), Manfred Mann, Carlene Carter, Bonnie Bramlett and many others. Delta Moon's sound has been described as "two slides, a voice and a groove."

**Tom Gray:** Vocals, lap steel, guitar, keyboards

**Mark Johnson:** Guitar, banjo, backing vocals

**Franher Joseph:** Bass, backing vocals

**Darren Stanley:** Drums
